I've left messages for Jim Zellmer to find out how the meeting went today on the MOU. I've not heard back yet but will let you know as soon as I do.

Ex. 5 AC/AWP/DP

Zellmer said all parties (AGC, WDNR, Counties) are meeting at 1:30pm tomorrow with the goal of reaching agreement and putting final touches on the document so it can start getting signed tomorrow. Since Pat Stevens is out of the office tomorrow, WDNR won't be able to sign until early next week. It didn't sound like the 3 year maintenance agreement is a show stopper for WDNR, so I expect they will be signing what comes out of Friday's discussions.

I will touch base with Zellmer tomorrow afternoon after the meeting to see what happened.

All, what is the expected timing of the MOU between Juneau County and the company? Who should OEC work with on a desk statement?
